Meeting ID: 466 113 947

Password: 134724

TIME	11:00am to 12:30 noon only
11.00 – 11.05	<b>Welcoming Remarks</b> Ms. Jacqueline Chang, National Consultant, SEAcircular Project: Solving Plastic Pollution at Source, United Nations Environment Programme (UNEP) at Ministry of Environment (formerly known as MESTECC) together with Mr. Doug Woodring, Managing Director, Ocean Recovery Alliance
11.05 – 11:15	<b>SESSION ONE: Introductions of Participants led by Doug Woodring</b> <ul style="list-style-type: none"><li>Background of each person, where they are from, department/focus</li><li>Ask if there is anything specific that they would like to get out of their participation in the introductory workshop</li></ul>
11.15 – 11:45	<b>SESSION TWO: Background of the PDP and Why it is a Powerful Management Tool for Municipalities (35mins + Q&amp;A)</b>

	<p>Background on some of the challenges and complexities of plastic pollution.</p> <ol style="list-style-type: none"> <li>1. What is the Plastic Disclosure Project (PDP)?</li> <li>2. How does this programme create a variety of potential solutions within a municipality and thus across industries?</li> <li>3. What does the landscape of the issue look like? and</li> <li>4. What are the opportunities for the PDP and Malaysia?</li> </ol> <p>Brief explanation of the Plastic Commitments report (finished last year &amp; funded by UNEP), and how this can complement the work of the PDP and goals of municipalities and government policy makers.</p>
11:45 – 11:50	<b>Questions &amp; Answers</b>
11.50 – 12.20	<b>SESSION TWO: Outcomes from PDP Analysis, How that Can Help your Jurisdiction and Examples</b>
	<ol style="list-style-type: none"> <li>1. Deeper insight into the waste recovery and recycling dynamics of the region.</li> <li>2. How a focus on plastic leads to cleaner, more valuable waste streams, across all types of waste.</li> <li>3. Knowledge of the stakeholders (big and small) within the community of collectors and recyclers, and how they relate to the waste infrastructure.</li> <li>4. A centralised knowledge base to inform stakeholders within the community, as well as the appropriate messaging and education needed to drive sustainable systems change, even at relatively simple levels.</li> <li>5. Guidance on plastic sustainability reporting.</li> </ol>
12.20 – 12.30	<b>Questions &amp; Answers</b>
